Bible Distribution and Evangelism

We distribute the Scriptures in digital and paper format.

Members of our team conduct in-person outreach in Afghanistan and refugee communities.

We use various social networks to reach out to unbelievers and respond to over a hundred truth seekers every day.

We provide messages for Christian satellite TV stations and podcasts for internet radio that can reach places we cannot go.

Leadership Training

Our goal is to multiply trained national leaders who can do the work of evangelism, discipleship, and church planting by providing:

One-on-one discipleship and mentoring

Modular one or two-week trainings and team building

Christian Life and Service courses

Leadership courses and ministry opportunities for emerging leaders

Relief

Christian Afghans live with the daily threat of persecution and most struggle to provide for their families. We focus on:

Helping persecuted Christian families (counseling and encouragement, food, medicine, etc.)

Helping needy believers and non-believers in urgent need, such as providing food and assisting with medical needs.

What we do...

Women's Ministry

In Afghanistan, women are tremendously oppressed and often feel worthless. Our women's team showers them with the love of God to Biblically combat the lies that they have been told and to bring them into the understanding of their value in Christ and the abundant life God has for them. The women's team activities include:

Lots of one-on-one listening, encouraging, discipling, and counseling.

Facilitating meetings exclusively for women that include worship, Bible study, prayer for each other, and fellowship.

Teaching on forgiveness and how to walk in victory in their own lives and homes.

Discipleship

We facilitate weekly online and in person meetings such as: Afghanistan online church (Kalisaye Ariana), prayer and worship meetings, and cell group Bible studies and fellowship.

We sponsor in person conferences and webinars, such as: Biblical and Christian Life studies, Marriage Conferences, Women's conferences, etc.

We are working to provide biblical teaching, discipleship training, and Afghan worship music in audio and video format to contribute to the resource library for the emerging Afghan fellowships around the world, especially inside Afghanistan.

Pastoral Care

These young 1st generation Afghan believers are under tremendous stress. We support them by offering:

Trauma care and counseling

Marriage and Family support

Help with women's challenges

Guidance with ethical issues

Encouragement in daily Christian life disciplines

God at work...

I saw a white robed man standing by my bed, and he told me "Do not be afraid. I am with you." I did not want to hear about Jesus before, but I want to hear about Him now. Please send me a Gospel, so I can know Him better...

This (men's) meeting changed my heart and my view about how to see my wife and how to love and honor her...Thank you!

We had no idea about our future, and I was desperately looking for some small hope. I listened to Kalisaye Ariana, and he reminded us, "God says that I will never leave you alone; I am always with you." It refreshed me like water quenching my thirsty soul...

I was depressed, and felt like I was lost. My life changed when I found Jesus; I was reborn and am alive!
